Milestone Training Requirements

Financial Readiness Common Military Training must be conducted using the Army's specific standardized training covering the topic areas of basic finance, consumer protections, planning for the future, compensation and benefits, saving and investing and major purchases, aligned with the personal and professional training milestones across the military life cycle.

Soldiers face many changes in their military career. Their finances can remain steady through every milestone, with proper planning. Financial literacy training provides the pathway for sustaining financial well-being and resilience.

Are you a Company, Battalion or Brigade CO, CSM, or 1SG? Utilize the Financial Readiness Tracker within the Commander's Risk Reduction Toolkit (CRRT) to identify and address all of your units' financial readiness milestone requirements.

Training can be completed:

1. Face-to-Face*
2. Group Session*
3. Online at

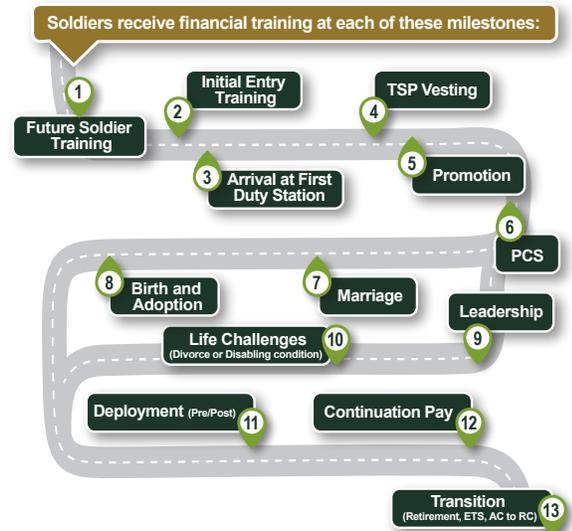

<https://www.armyfamilywebportal.com>

*By approved financial educators

It is the **Soldier's** responsibility to maintain and provide training certificate or other approved proof of training** for verification of completion to Training NCO.

Soldiers who are financially fit are better able to fulfill the duties of the mission and secure a solid financial future.

**Completion of training consists of a certificate, a unit training roster, and/or a signed checklist by an approved financial educator.

View resources at the QR code above for how to record the training into the Digital Training Management System (DTMS) to track completion and access the Financial Readiness Tracker.
